

May 4, 2020

Event Postponed to April 11th, 2021 !

Due to New Zealand's COVID-19 lockdown the 2020 ASB Christchurch Marathon has been postponed until April 11th, 2021.

To those who follow the event, this is a new date. In short: from 2021 the Christchurch Marathon moves from Queens Birthday Weekend to mid-April.

This is part of a considered change to the event, looking for better weather and a freer event calendar. It will still be the 40th event!

More information will follow in due course. But all 2020 entrants will be rolled over to the 2021 event. Entry fees already taken - as per the conditions of entry - are non-refundable. However, these are being rolled over to next year as a goodwill gesture during these uncertain and stressful times.

Any further updates will be posted here and on our [Facebook page](#) as they come to hand.

Thanks for your patience in these unique times, and for the myriad of emails and messages we've received in support of the event. We hope to see you all at the start line next year.

In the meantime, for definitive COVID-19 updates refer to the [Ministry of Health website](#).

ENDS.
