Aid Stations

There will be Aid Stations every 4-5k with toilets, first aid and drink stations supplying water and PURE Nutrition isotonic energy drink in paper cups (no sponges, Coke or bottles).

Full Marathon Special Drinks will be catered for at drink stations from 21.6k onward. Special Drinks must be supplied by the participant ready-made in plastic bottles and marked clearly with participant race number & the drink station. They should be handed in at our Info Desk inside the Christchurch Town Hall 30min prior to the Full Marathon Start.

Drink Station Lay Out

Drink Stations will be set up with Special Drinks first, then Energy Drink, then Water. There will be space between each table. Marshals will hand out drinks as much as possible, but it gets busy so be prepared to grab a cup from a table. Marshals will also try to hand out Specials Drinks, so call your number but be prepared to stop for your drink if it is busy.

Aid Station positions are positioned at approx:

- **4.4k, 21.6k, 25.5k:** Kilmore St West (50m before western end)
 - **7.5k, 28.6k:** River Rd (just after Stanmore Rd).
 - **11.2k, 32.3k:** Locksley Avenue.
 - **15.5k, 36.6k:** Avonside Drive (just before Wainoni Road).
 - **20.1k, 41.2k:** Kilmore Street East (just after Fitzgerald Avenue).
-

The Full Marathon passes through the finish area to start a second lap.

- Full Marathoners move to the righthand side of Kilmore St into a special chute past the finish area to continue west for their second lap of the entire course as above.
- **NB:** On the second lap, immediately after the start/finish line, you move back to the left-hand side of Kilmore St (to avoid clashing as marathoners go both ways on Kilmore St).

The Full Marathon finishes as per other races, heading west on the left-hand side of Kilmore St to finish outside the Christchurch Town Hall.

NB: Due to traffic management restrictions the entire event has a six-hour time limit. Full Marathoners slower than six-hour pace at halfway will have the option of finishing as a half marathoner (rather than risking missing the six-hour limit). After six-hours there will be no traffic controls or marshals and anyone continuing does so at their own risk and cannot receive an official finish time.
